This revolving fund provides for real property management and related activities, including operation, maintenance, repair of Federally owned buildings, and the construction of Federal buildings, courthouses and land ports of entry. Expenses of the Federal Buildings Fund (FBF) are financed from rental charges assessed to occupants of General Services Administration (GSA)-controlled space. Rent assessments, by law, approximate commercial rates for comparable space and services. Rental income is augmented by appropriations to the fund when new construction needs exceed the resources available for investment within the fund.

The following table reports rent and other income to the fund.

The FBF consists of the following activities:

Construction and acquisition of facilities.—This activity provides for the construction or purchase of facilities and prospectus-level extensions to existing buildings. All costs directly attributable to site acquisition, construction, and the full range of design and construction services, and management and inspection of construction projects are funded under this activity.

Repairs and alterations.—This activity provides for repairs and alterations of public buildings as well as associated design and construction services. Protection of the Government's investment, health and safety of building occupants, transfer of agencies from leased space, and cost effectiveness are the principal criteria used in establishing priorities. Repairs to prevent deterioration and damage to buildings, their support systems, and operating equipment are given a priority.

Installment Acquisition Payments.—This activity provides for payments for liabilities incurred under purchase contract authority and lease purchase agreements. GSA makes periodic payments to cover principal, interest, and other requirements on the debt incurred for construction of Federal buildings.

Rental of space.—This activity provides for the leasing of privately-owned buildings. Including space occupied by Federal agencies in U.S. Postal Service facilities, the FBF provided 193 million rentable square feet in 2011. GSA expects to provide 201 million square feet of rental space in 2012 and 203 million in 2013.

Building operations.—This activity provides services for Government-owned and leased facilities, including cleaning, utilities and fuel, maintenance, miscellaneous services (such as moving,

evaluation of new materials and equipment, and field supervision), and general management and administration of all real property related programs including salaries and benefits paid from the FFB. The following table provides additional detail regarding the 2012 and 2013 building operations program (estimated expenses in millions):

	2012		2013

Centralized Services	0	153	0	141
Total	6,691	2,350	6,479	2,400

Other Programs.—When requested by other Federal agencies, the Public Buildings Service provides building services, such as tenant alterations, cleaning and other operations, and protection services which are in excess of those services provided under the commercial rental charges.

Agency debt.—The following table reports agency debt outstanding for the construction of Federal buildings under authorities previously provided:

This appropriation covers relocation costs involved in moving agencies from valuable underutilized property, targeted for public sale, to facilities determined to be more economically suitable to their needs. Relocation and disposal is considered when the benefit/cost ratio is at least 2:1. The sale of these valuable underutilized properties would provide significant revenue to the Treasury and would far outweigh the relocation costs involved.

No appropriation is requested for this program in 2013. General Services Administration will solicit relocation proposals from agencies.

Expenses incurred in the course of disposing of Federal surplus real and related personal property are financed through receipts from disposals, in accordance with 40 U.S.C. 572. Fees of auctioneers, brokers, appraisers, and environmental consultants; surveying costs; costs of advertising; costs of environmental and historical preservation services; highest and best use of property studies; property utilization studies; and deed compliance inspections are paid out of receipts from disposals in each year. Auctioneers and brokers familiar with local markets may be used to accelerate the disposal of surplus real and related personal property, including the outleasing of Government-owned buildings and space.

This full cost recovery revolving fund provides for the acquisition of information technology solutions, telecommunications products and services, professional services, travel and transportation services, motor vehicles, and supplies for Federal agencies. Expenses of the Acquisition Services Fund (ASF) are financed through receipts from customer Federal agencies, pursuant to 40 U.S.C. 321. The ASF is organized around four major business portfolios that deliver total solutions to customer agencies. These portfolios are: Integrated Technology Services (ITS), Assisted Acquisition Services (AAS), General Supplies and Services (GSS), and Travel, Motor Vehicle and Card Services (TMVCS).

ACQUISITION SERVICES FUND—Continued

The ITS Portfolio provides customer agencies with information technology and telecommunications products and services. Operations within this portfolio include Multiple Award Schedules (MAS) and Government-wide Acquisition Contracts for information technology and telecommunication. ITS operations leverage the Federal Government's buying power to provide innovative and strategic solutions, enabling customer to obtain a wide range of information technology and telecommunications products and services at significant savings.

The AAS Portfolio focuses on service delivery and assisting customers in making informed procurement decisions and serving as a center of excellence for the Federal community. AAS complements the programs of the Integrated Technology Services portfolio by providing acquisition, technical, and project management services that assist agencies in acquiring and deploying information technology and professional services solutions at the best value for taxpayer dollars.

The GSS Portfolio provides customer agencies a wide range of general products such as furniture, office supplies, and hardware products. GSS centralizes acquisitions on behalf of the Federal Government in order to strategically procure requirements and reduce cost to the government, while ensuring regulatory compliance for customers procurements. This portfolio also provides personal property disposal services to customer agencies.

The TMVCS Portfolio provides customer agencies with a broad scope of services that include travel and relocation services, freight management, motor vehicle acquisition, fleet management, and charge card services. TMVCS operations also aggregate and leverage the Federal Government's buying power to obtain a wide range of products and services at significant savings for customer agencies.

This appropriation provides agency-wide audit and investigative functions to identify and correct management and administrative deficiencies within the General Services Administration (GSA), which create conditions for existing or potential instances of fraud, waste and mismanagement. The audit function provides internal audit and contract audit services. Contract audits provide professional advice to GSA contracting officials on accounting and financial matters relative to the negotiation, award, administration, repricing, and settlement of contracts. Internal audits review and evaluate all facets of GSA operations and programs, test internal control systems, and develop information to improve operating efficiencies and enhance customer services. The investigative function provides for the detection and investigation of improper and illegal activities involving GSA programs, personnel, and operations. The 2013 Budget provides \$600,000 in reimbursable authority for surveys of Fleet Card Program and other Agency reimbursable programs.

This mandatory appropriation provides a stable source of funds to train the Federal civilian acquisition workforce. Program expenses are financed from a credit of five percent of the fees collected from non-Department of Defense activities by the General Services Administration (GSA) and other civilian agencies that manage Government-wide Acquisition Contracts, Multiple Award Schedules contracts, and other multi-agency contracts. Fees collected are available for expenditure in the year collected and the two following years. The Fund is managed by the Federal Acquisition Institute at GSA, in consultation with the White House Office of Federal Procurement Policy, and supports the training of the acquisition workforce of all the civilian executive agencies.

The Federal Citizen Services Fund appropriation provides for the salaries and expenses of the Office of Citizen Services and Innovative Technologies (OCSIT). OCSIT develops new ways for citizens, businesses, other governments, and the media to easily obtain information and services from the government on the web, via e-mail, in print, and over the telephone. OCSIT leads several interagency groups to share best practices and develop strategies for improving the way Government provides services to the American public.

OCSIT provides information and services to the public primarily through USA.gov and GobiernoUSA.gov, the official web portal of the U.S. Government. OCSIT also operates pueblo.gsa.gov, consumeraction.gov and consumidor.gov, webcontent.gov, and kids.gov websites. OCSIT provides direct telephone (1-800-FED-INFO), e-mail, and on-line assistance to citizens through the National Contact Center, and offers simple and cost-effective contact center solutions to customer Federal agencies through the USA Services program. OCSIT also coordinates the publication and distribution of information through the Government Printing Office's Public Documents Distribution Center in Pueblo, Colorado.

The Federal Citizen Services Fund is financed from annual appropriations to pay for the salaries and expenses of OCSIT staff. Reimbursements from Federal agencies pay for the direct costs of information services OCSIT provides on their behalf. The FCS Fund also receives funding from user fees for publications ordered by the public, payments from private entities for services rendered, and gifts from the public. All income is available

without regard to fiscal year limitations, but is subject to an annual aggregate expenditure limit as set forth in appropriation acts.

This full cost recovery revolving fund provides internal General Services Administration (GSA) customers with a full range of shared administrative services. Expenses of the Working Capital Fund are financed through reimbursable funding from GSA's benefiting accounts and from external sources, including small agencies and commissions, for services provided. Reimbursable services include information technology management, financial management, legal advice and services, equal employment opportunity services, liaison activities with the Congress and Office of Management and Budget, and oversight of GSA contracting activities. This account also funds liaison activities with the Small Business Administration on small business proposals and contracts to ensure that small and small, disadvantaged businesses receive a fair share of the agency's business.

ADMINISTRATIVE PROVISIONS—GENERAL SERVICES ADMINISTRATION

(INCLUDING TRANSFERS OF FUNDS AND [RESCISSION] CANCELLATION)

SEC. 520. Funds available to the General Services Administration shall be available for the hire of passenger motor vehicles.

SEC. 521. Funds in the Federal Buildings Fund made available for fiscal year [2012]2013 for Federal Buildings Fund activities may be transferred between such activities only to the extent necessary to meet program requirements: *Provided*, That notice of any proposed transfers

shall be [approved]submitted in advance to the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 522. Except as otherwise provided in this title, [funds made available by this Act shall be used to transmit a fiscal year 2013]it is the sense of Congress that projects to be included in the 2014 request for United States Courthouse construction [only if the request] will: (1) [meets]meet the design guide standards for construction as established and approved by the General Services Administration, the Judicial Conference of the United States, and the Office of Management and Budget; (2) [reflects]reflect the priorities of the Judicial Conference of the United States as set out in its approved 5-year construction plan; and (3) [includes]include a standardized courtroom utilization study of each facility to be constructed, replaced, or expanded.

SEC. 523. None of the funds provided in this Act may be used to increase the amount of occupiable square feet, provide cleaning services, security enhancements, or any other service usually provided through the Federal Buildings Fund, to any agency that does not pay the rate per square foot assessment for space and services as determined by the General Services Administration in consideration of the Public Buildings Amendments Act of 1972 (Public Law 92-313).

SEC. 524. From funds made available under the heading "Federal Buildings Fund, Limitations on Availability of Revenue", claims against the Government of less than \$250,000 arising from direct construction projects and acquisition of buildings may be liquidated from savings effected in other construction projects with prior notification to the Committees on Appropriations of the House of Representatives and the Senate.

[SEC. 525. In any case in which the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate adopt a resolution granting lease authority pursuant to a prospectus transmitted to Congress by the Administrator of the General Services Administration under 40 U.S.C. 3307, the Administrator shall ensure that the delineated area of procurement is identical to the delineated area included in the prospectus for all lease agreements, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to each of such committees and the Committees on Appropriations of the House of Representatives and the Senate prior to exercising any lease authority provided in the resolution.]

[SEC. 526. Section 1703 of title 41 U.S.C. is amended in paragraph (i)(6) by:

- (1) deleting "for training"; and
